Outdoors, where life is easy

For Spring 2020, Summum Woman is showing off a wonderful new look. We start off with a palette of predominantly neutral tones in many different fabric qualities, giving depth to an outfit. A palette based on white, beige and warm sand shades using various textures and with accents of fresh coral. Later on, prints, batik, curry and raspberry shades will be introduced to create a trendy outdoor feeling, with wooden accessories, cargo trousers, embroidered blouses and chunky knitwear. The third delivery is more romantic, with white denim trousers, long flowy dresses with ruffles, skirts, patchwork and bell-bottoms in a palette of shades including cotton pink, cobalt blue and mint green. We're styling it all with trendy canvas bags with leather accents, and stitched bags with gold chain straps, rugged sneakers and soft leather boots, and belts with eyelets and eye-catching buckles.

Step into spring

The Spring 2020 collection starts off clean and fresh, with lots of tonal looks in cool, warm sand shades. The textures of the smooth and rough fabric qualities such as beautiful cotton-linen mixes and cupro create a layered look. Later on, this evolves into an outdoor image with African elements such as batik prints, wooden accessories and safari details such as D-rings and cargo trousers. There are lots of linen and chunky knits, and the most prominent shades in the palette are curry and raspberry. Warmer weather evokes a romantic feeling, long dresses with ruffles, bell-bottoms, fresh white denim and embroidery.
